

## *Our Wines - The* PIERRO *Family*

### THE HON. L.T.Cf. Cabernet Sauvignon & Merlot with a Little Touch of Cabernet Franc

Introducing Pierrot - the family romantic, he secretly pines after the French Maid, who is oblivious to his sentiments. A somewhat naively trusting character, he is affectionately teased by his big sister, but takes solace in his book-learning. 12 months maturing in French oak, he spends much of this time improving his mind and developing his integrity as an artist. Somewhat shy at first, he proves himself a worthy companion over dinner, with a rich and flavoursome personality that enriches the evening. A most approachable young man, he offers quiet but thought-provoking nuances that leave you with something to think about. When the time comes for you to go home, he'll more often than not take your arm in a gentle grip and leave you with a parting gesture that makes you smile as you step out into the night. An intriguing character, he inspires you to watch him age through the next decade to see what delights he might offer up.

### PIERRO L.T.Cf. 2015

“It’s cabernet merlot with a little cabernet franc – hence the name LTCf. It’s medium bodied, with an effortless palate structure and focus to a long finish. Perfumed notes of black olive and red berry. The palate has a tight sinewy thread and fine-grained oak in support. It all comes together with firm chalky tannins and silky-smooth oak integration. Focused and long. It’s a wine that will continue to evolve.

**Score: 94/100**
